

Boston Public Schools

Equitable Share Child Find

For 3 & 4 Year Old Children

If you are concerned about the educational development of a child between the ages of 3 and 4 years old who resides in Boston and is not attending a BPS school, register for a free developmental screening with an early childhood specialist.

Areas of educational concern may include cognitive/educational development, communication, social-emotional skills, or motor skills. During a child find event, we conduct a screening on the same day which may result in a future formal evaluation.
